National Parenting Publications Awards

11 Award-Winning Toys & Games

Toys & Games for Ages 5 & Up

* CitiBlocs, CitiBlocs, LLC \$\$

Best Bang for the Buck!

CitiBlocs, CitiBlocs, LLC, \$50 (200-piece set); www.citiblocs.com; ages 3 and up.

Everyone from beginner builders to advanced architects will be inspired by the simplicity of these blocks and the construction challenge that awaits them. CitiBlocs are made of New Zealand Pine; are uniform in size, shape and weight; and capture the essence of natural beauty. The blocks hold such possibilities: ranging from simple mathematics to experimentation with gravity, engineering and physics. The set includes a booklet of illustrated examples to jumpstart the creative process, while leaving the assembly, problem-solving and discovery up to the child.
