Green Kids' Gifts on a Budget: Eco-Friendly Presents and Stocking Stuffers for Under \$30

Looking for great eco-friendly gifts that won't bust your budget? Then check out some of these great kids' gifts- all for under \$30 a piece.

Do you have budding builders and architects on your shopping list? Then check out [CitiBlocs](#) the newest building blocks for kids. Made from renewable New Zealand forests of Radiata Pine, CitiBlocs are unique because every single block is the same shape and size, precisely cut and shaped to make sure they offer stable, quality pieces that can be stacked and balanced. No glue, snaps, or connectors

needed -just a bit of imagination which children are often full of-especially when they have the right inspiration in front of them.

A natural set with 52 pieces is \$15
